

Historical Assessment: Vendor Beta (Marketing Analytics)

- **Date: 2024-08-05**
- **Risk Rating: Medium**
- **Recommendation: CONDITIONAL APPROVAL**
- **Findings: Vendor Beta met all SOC2 and encryption requirements. However, they lacked an explicit volume discount for their 1,500 seats. Conditional approval was granted on the remediation requirement that Procurement negotiates the mandatory 15% discount before contract signature.**
