

Asteria AI Systems - Security Questionnaire Responses

- **Q: What is your current SOC compliance status?**
 - **A: We hold a current SOC2 Type I certification and are preparing for our Type II audit next year.**
- **Q: What encryption standards do you use?**
 - **A: All data at rest is encrypted using AES-256. Data in transit is secured with TLS 1.3.**
- **Q: How often do you conduct third-party penetration testing?**
 - **A: We conduct comprehensive third-party penetration tests every 24 months.**
- **Q: Do you have a disaster recovery plan?**
 - **A: Yes, RTO is 4 hours and RPO is 1 hour.**
